

St Faith`s Church, Great Crosby

Baptism Registers 1900 – 1999

There are three volumes covering the church`s first century, volume 1 covering the period April 1900 to December 1936, volume 2 the period December 1936 to June 1973 and volume 3 from June 1973 until the end of the year 1999. Volume 3 is not complete and will contain entries for the second century of the church`s existence.

The registers have entries for the date of the baptism, the child`s Christian name(s), the parents` surname and Christian names, the family address, the occupation of the father (in the volume 3 the mother`s occupation is also included in a number of cases), and the name of the priest conducting the Baptism. In many cases the date of birth of the person being Baptised is also included. Only the date of baptism, Christian name, surname and date of birth (if in the register) are included in this transcript.

Although most baptisms were conducted during services at St Faith`s a number were conducted privately and some were conducted at the person`s home or in hospital. In some cases the person concerned had been baptised into another Christian church and so the baptism was not repeated but that person was received into the Church of England; these instances are also shown in the baptism registers.

The first child baptised at St Faith`s was given the names Sidney Horsfall, the Horsfall obviously being after the founder of St Faith`s, Douglas Horsfall. The registers show that during the first hundred years of the church seven girls have been give the name Faith in the church.

There are 2242 entries in the three registers.
