

St Faith`s Church, Great Crosby

Confirmation Registers 1901 – 2000

There are two volumes covering the church`s first century, volume 1 covering the period 1901 to 1958 and volume 2 the period 1959 to 2000; volume 2 is not yet full.

The registers have entries for a particular confirmation event detailing the names, ages and addresses of those being confirmed (the addresses are not always included for the most recent confirmation candidates). The location of the confirmation service, its date and the Bishop confirming the candidates are given.

A number of early male candidates for confirmation came from Merchant Taylors` School which then took boarding pupils. The first volume, for some individuals, mentions when they moved from the district, joined the forces or joined the merchant navy. During the first decade some adults were confirmed privately at the Bishop`s Palace in Liverpool. Services for adults were often held during the latter part of the year and the main confirmation service during March or April.

Candidates before WWII would often travel some distance for a confirmation service, in some cases as far as Wigan, Warrington and Rock Ferry. Although most confirmations were conducted by the Bishop of Liverpool or the Bishop of Warrington there have been times when other bishops have conducted the confirmations. Most notable was Lord Runcie of Cuddesdon but in March 1945 the Bishop of the Argentine presided.

An interesting feature of the period up to about 1930 is the number of parents who were confirmed shortly before their children were confirmed.

In these transcripts some early confirmations are show as having taken place at the Cathedral. This is strictly speaking incorrect as the Cathedral was not built at the time, however, in the register the location is marked as such and the transcripts reflect what is marked in the registers.

Roll of Persons Confirmed from the Parish of St Faith`s, Great Crosby

Confirmed by Rupert Hoare Dean of Liverpool

Date: 21 May 2000 Church: St Mary, Waterloo
